Blueprints for the Week

February 16, 2018

Editor – Deputy Chief Jim Jensen

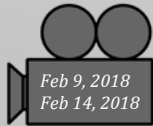

Volume 3, Issue 5

Photo of the Week

The first floor walls are being installed!

The training wing lobby, bathroom, emergency operations center and the fitness room walls are up. Shown above are the interior walls of the Emergency Operations Center.

Video Clips of the Week

We have a bonus video this week! These time-lapse videos contain 12 hours of footage, condensed into 2 minute clips:

1. Winter storm Mateo dumped more than a foot of snow over the Midwest!
2. Work continues even in the cold, snow and fog.

Building Views

For several weeks we have been showing you walls, roofs and mechanical units. This week we would like to share with you several different views from inside and outside of the building. Enjoy!

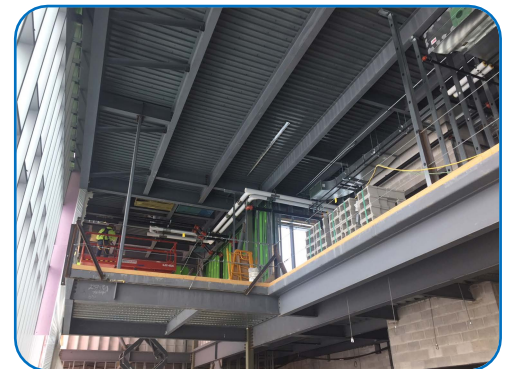

Top Left North side of the building.

Top Right View from inside the building looking North.

Center View from the Lobby to the second floor administrative lobby.

Bottom Left View looking West from Chief Burgner's office

Bottom Right View from Records looking West into the lobby and front parking lot.

Next Week

Warmer weather means roof work will begin again! The focus for next week will be:

- ❖ To finish the roof over the Training wing.
- ❖ Start the roof over the Community Room.
- ❖ Continue working on the first floor interior walls.
- ❖ Mechanical Duct work installation and piping.
- ❖ Second floor insulation should near completion.
- ❖ Drywall will begin on the second floor!
