# Blueprints for the Week

June 8, 2018

Editor – Deputy Chief Jim Jensen

Volume 3, Issue 16

### Photos of the Week

The 120' communications tower was installed this week! Take a look!

### Video Clip of the Week

The time lapse video for this week shows another busy day at the site with some work being done in the tower and the crews grading the front lot.

### *The Week in Pictures*

*Curb Preparation*

*Poured Curb*

*Mechanical Pad located in the Tower*

*Installed Tower Unit*

*Freshly Poured Range Mechanical Unit Area – before the floor & roof*

*Large Mechanical Unit located in the Range Mechanical Room*

### *Next Week*

- ❖ Final grading will be completed for the site work to beg.
- ❖ Finish the layouts for the curbs.
- ❖ Curbing will be poured for the East and North end of the building.
- ❖ Gravel layer will be set into place, followed by the binder coat.
- ❖ We have passed our ceiling inspections, now ready to lay the ceiling tiles.
- ❖ Once humidity levels are controlled, crews will finish the drop ceiling pads on the 2nd floor.
- ❖ Building roofing will be completed by the end of the week.
